TOUCHDOWN

An Exhibition with and about People with Down's Syndrome

29 October 2016 to 12 March 2017

The exhibition with and about people with Down's syndrome is the first exhibition of its kind to take visitors on an experimental and culture historical journey through our past and present. It tells the story of a complex relationship. It describes how people lived, live and want to live – people with and without Down's syndrome.

Conceived in cooperation with people with Down's syndrome, the exhibition presents scientific and artistic artefacts from the realms of archaeology, contemporary history, medicine, genetics, everyday culture, film and the fine arts. In its conceptual depth and dynamic diversity of voices, the exhibition does not set out to provide pat ready answers but to engage in a sustainable and better informed debate about social diversity and participation.

A cooperation with the research project TOUCHDOWN 21.

We cordially invite you to a media conference on Friday, 28 October 2016 at 11 a.m. The exhibition opens at 10 a.m.
